

experts in small space living

- When using your Step Stool
- Carefully unfold steps so that they are fully opened out and steps are placed flatly and securely on floor surface.
- Wear Appropriate footwear whilst using stool.
 Do not climb steps in sandals, high heels bare feet or socks.
- Do not carry heavy or large items whilst climbing up or down steps.
- Always climb steps from the front.
 Do not climb steps from the side, back or at an angle.
- Do not attempt to move step stool whilst standing on it.
- Do not overreach. This can cause you to lose your balance and fall. If required descend step stool and move to a new position.
- Place foot flatly and securely on lower step.
- Do not allow arch and heel to overhang rear of step whilst climbing steps.
